

Robert Groom Seeks American Angus Association Board of Directors Position

The New York Angus Association proudly presents to the American Angus Association Delegates, Robert Groom of Lyons NY as a candidate for the American Angus Association Board of Directors in 2022. Robert has represented New York Angus breeders in many leadership positions within the NY Angus Association since 2001. He has served as a Director for two terms, Vice President for two years, then served as President for two years followed by Past-President for an additional two years. Robert followed that up by serving as Secretary/Treasurer for five years. In addition, Robert has served as a Jr. Advisor on several occasions. He is currently serving as Jr. Advisor and once again a Director of the New York Angus Association. In 2017 Robert and his family hosted the 82nd NYAA State Sale at his farm in Lyons, NY. Robert has represented New York state for many years as a Delegate to the American Angus Association National Meeting.

Robert, his wife Linda and daughter Evie own and operate Tullyfergus Farm in Lyons, NY. Each year they host a production sale along with several neighboring operations offering females, males and commercial feeder cattle with an emphasis on low input, forage-based genetics.

On a personal note, Robert has worked with my daughter on several occasions helping to advance her show career. He has mentored many youth through the years, assisting with transportation to National and Regional shows, along with advising and teaching fitting techniques. He has also presented cattle at the NY State Farm Show held every February in Syracuse NY, giving demonstrations on how best to present animals.

Based upon Robert's commitment to the next generation of future Angus breeders along with his demonstrated sound fiscal management in many aspects of his personal and business life, the New York Angus Association encourages all delegates to the American Angus Association National Meeting to vote for Robert Groom of Lyons NY to serve on the American Angus Association Board of Directors.

Sincerely,

Andrew King, President

NY Angus Association
